

AVENSYS TRAINING

WHAT IS AVENSYS TRAINING?

The Avensys Training Academy is an internationally recognised provider of Bio-Medical training courses, delivering certified training to UK hospitals as well as on location training in Europe and beyond. Our team of trainer/engineers have unrivalled experience in the EBME field, built over decades as hands on practitioners and educators.

Our Training Academy is centrally located in Kidderminster to enable easy access for all learners. Our purpose built facility incorporates multiple training areas including classrooms, a complete workshop for hands on training as well as an operating theatre and dental suite for testing under simulated environments.

Working in partnership with Dudley College of Technology and the Black Country and Marches Institute Of Technology we have the ideal educators, facilities and partners to ensure that learners receive the best possible combination of practical and theoretical learning.

COURSE CALENDAR AVAILABLE ONLINE
AND ON THE REVERSE

DID YOU KNOW?

Avensys were the training provider chosen to deliver training at the NHS Nightingale Hospitals during the COVID-19 outbreak. In 48 hours we were able to design bespoke courses, ready to deliver at locations throughout the UK. Contact us to discuss bespoke courses or courses delivery at your site.

KEY BENEFITS

- CERTIFIED TRAINING**
Avensys offer certified medical device training for Bio-Medical Engineers ranging from one day Electrical Safety to our ten day Medical Equipment Technologies qualification to up skill your workforce. Courses are accredited by either Pearson or Open College Network West Midlands.
- PRACTICAL THEORY**
All Avensys courses cover device repair, Planned Preventative Maintenance (PPM), operating principles plus anatomy and physiology.
- LEVEL 5 DIPLOMA**
The Avensys Level 5 Diploma is an 18 month work based learning qualification in Advanced Medical Equipment Technologies, delivered by industry specialists.
- BESPOKE COURSES**
Our training team can deliver bespoke training courses for medical devices available on-site or at the Avensys Training Academy.
- END USER TRAINING**
Device specific training packages tailored to your requirements.
- ONLINE TRAINING**
Our learning platform helps monitor and manage training requirements, automatically notifying staff when training is due whilst providing management with essential compliance data.
- TRAINING FACILITY**
Specialist training facility includes theatres, surgeries, workshops and classrooms at our West Midlands Academy, Kidderminster.
- INFORMATION, ADVICE & GUIDANCE**
We can offer information, advice and guidance to find the right course for your clinical engineers. Avensys have been awarded the Department for Education's Matrix Standard for the delivery of information advice and guidance (IAG).
