

ENDOSCOPE RENTAL SERVICE

Avensys' rental service is available short or long term and represents the ideal way to increase departmental capacity.

We stock flexible endoscopes and stack systems covering all manufacturers and modalities including Olympus, Pentax and Fujinon.

Endoscopes in stock and available include gastroscopes, colonoscopes, bronchoscopes, duodenoscopes and cystoscopes.

Stack systems are available as complete systems or as separate components (light source, image management system, screen etc)

Prices range from £10-65/ day depending on manufacturer, modality and numbers required.

Contact us with your requirements and our staff will be happy to help

We can have equipment delivered to you and ready to use within 48 hours
